

Design meeting to plan the new public park at Nameoke and Augustina Aves!

Next Monday, November 27 from 6pm to 8pm
Queens Library at Far Rockaway
1637 Central Ave at Mott Ave

Last February, your neighbors started planning a community farm to replace the long-abandoned city-owned lot at Nameoke and Augustina Aves in Downtown Far Rockaway. So when the City made a plan to sell it to developers to build more housing this year, these neighbors successfully organized to prevent the sale so it can be open space for neighbors to grow instead. It worked! The City is dedicating this land, funding, and other resources to making a public park at Nameoke and Augustina here real.

Next Monday, join your neighbors to update the design for the future community open space here. All neighbors welcome!
